

Porridge and Conservation

By Quebecs

Sandy was rummaging when his rain of thought was deflected momentarily by the sight of the title of the old essay "The Autocrat of the Breakfast Table" by Oliver Wendell Holmes. Mistakenly, if naturally, assuming the "Autocrat" back in his mind to his original line of thought:

"I see he dined 'we are being important and pressed from all quarters to save and conserve in this direction and in that and all over. And I see a man can no longer buy a pair of pants with cuffs around the nether ends. Well, I could only ever see but one reason for wearing breeches at all—cuffs or no cuffs—in preference to a kilt; just one. If a man dropped some siller on a Saturday night and was wearing a kilt it was a kisser, but it has been known for a man to find a three-penny piece in the cuff of his pants of a morning. Yes, I'm kind o' wro' to see the cuffs go by the board."

Then I'm told the belts on women's togery are being restricted in width. Now we know that all lines are hard lines except waist lines so the interference with the belts on women's wear proves the situation is serious one. Shows one must be careful these lines.

But getting back to porridge, and by porridge I eatmeal I mean of course—the only fit food for breakfast. Some real missionary work might well be done about this. I mean if we all decided as man to man to start the day with oatmeal porridge we might do away with a lot of things. We might do away with the necessity for all these flashy colored cardboard boxes thus saving the pulp and the labor and the printing and the transportation to say nothing of the contents such as chaff, husks and sweetened roughage. The only way to serve the roughage we have been eating from these colored packages is to serve it like McKenzie-King wants us to serve John Barleycorn and the lemon run. Do without it.

Three cheers for good old oatmeal porridge!

Our Town

AWI Jean Willcocks, AWI Velma Willcocks and AWI Joyce Hicks are home on furlough from their maternal stations in the R.C.A.F.

Mr. and Mrs. A. Heibell, of Aldergrove, visited with Mrs. Heibell's sister, Mrs. W. A. Smith, on Tuesday last.

Maurice, son of Mr. and Mrs. B. J. B. left last week for Edmonton to begin training with the R. C. A. F.

Mr. and Mrs. Jim Norris and family leave Friday for their new home at Heriot Bay, near Campbell River, Vancouver Island.

Mr. and Mrs. J. Munro have received word of the safe arrival in North Africa, of their son, Donald, with a radio detachment of the R. C. A. F.

White Rock friends of Bud Hawkins, now in North Africa, would be interested in reading last week's Blaine Journal which carries a letter from Bud, written from their African post.

Why I Should Join The Legion

The Canadian Legion is a national organization with enrolled membership of 200,000 ex-service men and women in 1201 branches throughout Canada. As a member of the Empire Service League, it is truly an Empire organization, while its 130 branches in the United States make it also international in its scope and coverage.

2. Because the Legion in the Province of British Columbia and elsewhere is a meeting ground for ex-service men regardless of race, creed or political beliefs.

3. Because the Legion is democratic and opposes all subversive activities.

4. Because the Legion is wholeheartedly behind Canada's war effort, but believes the war can be won only by greater sacrifice and effort.

5. Because the Legion in the Province of British Columbia aids Veterans and their dependents in establishing claims for pensions, treatment, dependents' allowances, etc., and assists them in other problems through their service bureau at 810 Dominion Bank Building, Vancouver, established for this purpose.

6. Because the Legion is providing auxiliary service to the fighting forces now overseas and in training in Canada.

7. Because in Unity there is Strength.

Junior-Senior High School Sidelines

Air Cadets Receive Uniforms

The week ending March 12th was an eventful one for Semahloo. The Junior Red Cross sponsored a tenny drive in the Main Hall on March 11 and 12, the proceeds of which \$28.50 are to be turned over to the National Campaign for the Red Cross. Of course there was competition among the Houses—as the results were posted under the house colours. Red and White tied for first place as the Friday noon ball game. The Junior Red Cross has finished fourth knitted baby sets as well as larger sweaters and other articles.

Semahloo Senior Boys' played Tangle's Senior Boys' Basketball team. The Langley team played a grand game, but Semahloo won 35 to 18.

This week the Senior boys are again in the limelight as they received their Air Cadet Uniforms on Tuesday, March 23. They proudly wore these uniforms on parade.

When the weather permits our inter-house baseball games are in full swing.

To Organize a V Committee

A group of High School students are sponsoring a meeting to be held in the White Rock hotel on Friday, April 2nd, at 8 p.m. to organize a V Committee.

There will be speakers from Vancouver Youth Federation. The object of the committee will be to organize food farm production and assist in all other war activities.

With the assistance of all other organizations this meeting should be a great success.

NEXT A.R.P. MEETING

Due to there being a special meeting of the Legion on April 5th, the next regular A.R.P. meeting has been postponed until Monday, April 12th.

Ottawa Letter

TOM REED, M. P.

On five out of the six days session of the past week the Budget debate was continued. On Tuesday the Debate was interrupted by a motion made by Mr. Green to adjourn the House on a matter of urgent public importance, namely, that of the fuel situation in Vancouver. This motion, which was allowed by the Speaker, started a series of speeches on the fuel situation throughout Canada, thirty speakers taking part in the debate which lasted the entire day. Hon. Mr. Howe the Minister now responsible outlined the entire fuel situation pointing out that in 1939 Canada's coal consumption had increased to 29 1/2 million tons but that in 1942 this consumption had increased to well over 48 million tons. The production of coal had not kept pace with the consumption. Regarding wood, Mr. Howe stated 19 million cords of wood annually and we were 500,000 cords short now. Steps were being taken now to prepare for next winter, the Minister declared.

In announcing the Fourth Victory Loan, the Minister of Finance informed the House that borrowings this year would amount to over 2 1/2 billions. As a first step the Fourth Victory Loan Drive would commence on April 20th and would be for a minimum of 1 Billion. The reasons given by the Minister are threefold. First, because huge sums of money are required to effectually carry on our war effort. Secondly, the increased spending power in the hands of the public if not directed into savings will lead to inflation and thirdly, it is the desire of the Government, that more and more of our people share in these great undertakings.

Dance to Win Up Whist Series

The last of the Military whist series run by the Ladies Auxiliary to the Army and Navy Veterans, will be held at headquarters on Wednesday, March 24th, at 8 p.m. This will be the fourth game of the series. Although these series are usually consisted of five games, it has been decided to hold this game as the final, owing to the unusual activity in White Rock. There will be the regular prizes for this game and the special prizes for the winners, including the highest number of foreign flags.

Here is a summary of the series up to date.

First game, table number 3 captured 24 foreign flags, (captain) Mr. Walker, Mrs. Downes, Mrs. C. J. James, Mr. Bloby.

Second game, table number 2 cut with table number, both having won 22 flags; number 4 was lucky on the cut, (captain) Mr. Dore, Mr. A. Phillips, Mrs. Willis, and Mr. H. Woods.

Third game, table number 3 took the highest seizure of foreign flags, the winners were (captain) Mr. R. Snidergros, Mrs. H. C. Harrison, Mrs. E. Wetherston and Mrs. Anne Phillips. These four players now hold top score so far.

There will be no doubt be a rush for table number 2, which has been a lucky table. After the whist good refreshments will be served and followed by a dance as a special treat to all. Proceeds to help swell the Soldiers Comfort fund. We take this special opportunity to invite the public who are interested in "Our Home over there" to attend this affair by giving them a helping hand "over here". Admission 25c.

Decide on The Honor Roll

DECIDE ON HONOR ROLL

All organizations in White Rock were represented at a meeting called for the purpose of discussing the proposed Honor Roll on Monday evening in the White Rock hotel.

The temporary chairman and secretary were Mr. Jurs and Mr. H. Vidal. Considerable discussion took place after hearing what had been done up to the present, regarding cost and the number of names (164). It was thought that if it were placed inside a building rather than outside it would be more satisfactory. It was finally decided to have an Honor Roll and ask permission to place it in the postoffice or alternatively in the High School.

In order to function under a name, White Rock Memorial Committee was chosen, with P. J. Walker as chairman and Mrs. Hugh Baker secretary-treasurer, and Mr. McMillan publicity agent.

With a view to getting further information and for the delegates to report to their various organizations the meeting was adjourned to meet again in approximately a month's time.

Homemakers' Corner

"Time doth fly, sweetly glide when there's love at home"

Dear Homemakers:—

A day or two ago the Editor showed us a very old iron kettle—really an antique—which he was planning to use as a melting pot for his type metal. This is an entirely different purpose from that for which it had been used for the greater part of a century, but its usefulness is still great.

And it came into my mind how in White Rock there are some of our pioneers—older folk with the hall mark of service and sacrifice written upon their countenances. Many of them are inclined to feel that they are of no further use and they withdraw into obscurity merely to exist when as a matter of fact there are many activities in which they can be very useful. One of these is community work, for which requires the co-operation of all citizens. Yes, indeed, as our beloved community grows from infancy into adulthood, we need not only the zeal of flaming youth to guide it, but also the experience and discipline of the "older statesmen". This calls to mind the words of the poet:—

"Grow old along with me!
This best is left to be,
The last of life, for which the first was made;

Our times are in His hand,
Who saith 'A' whole I planned,
Youth shows half, trust God:
See all, nor be afraid!"

And now, dear friends, many of you will be very busy making Victory gardens and may not have time to read Homemakers' Corner, and so for a time we will say good-bye. If in the future you should like to meet us again in our corner, we shall be glad to hear from you in care of the Editor.

In conclusion, come what may, let us all have

YOUTH IN WHITE ROCK AND ITS HOMEMAKERS.

Hope for a bright future

Charity to all men.

How To Grow Old Gracefully
Subject of Talk by Rev. Hardy

The White Rock Branch of the Old Age Pensioners' organization held their regular monthly meeting on Wednesday afternoon, March 19, at the White Rock hotel.

There was a very good attendance and some important business was transacted. The chief item was the discussion of the Provincial Government's decision to provide Free Medical Service and Drugs to all persons in receipt of the old age pension, and a delegation was elected to meet the delegates from all the branches of the organization in the Municipality of Surrey, and to prepare a brief which will be presented to the Surrey Municipal Council for their endorsement. The city of Vancouver has already accepted the Government proposal and has put the plan into operation dating from March 1st, 1943. This scheme when adopted by the Surrey Council will be a great boon to the Old Age Pensioners in Surrey, and will relieve them of a great deal of financial anxiety, and is a great step toward Freedom from Fear and Social Security.

Rev. Hardy gave a splendid address and took as his subject "How to grow old gracefully", giving a very interesting description of the constitution of Perfect Old Age, and the ideals of the Old Age Pensioners' organization. Mr. Hardy explained that old age pensions were not charitable hand-outs, but just dividends paid to pioneer citizens for their part in contributing to the progress and prosperity of the country, and stated that freedom from want, freedom from fear, Social Security, faith in one's fellow man and faith in the future, were the essential factors which ensure perfect old age.

The community singing was thoroughly enjoyed by the audience, and the excellent Mr. Leo Williams, who sang an Irish ballad entitled "Dear Little Girl" in a masterly manner, Mrs. Hardy kindly officiated at the piano, her playing was much appreciated. The program for the April meeting will deal with the question of the mission of Powers in life. Mr. Desmond Foster will be the guest speaker.

At the close of the meeting, all attending were invited to be the guests of the Rimo demonstration in the dining room of the hotel.

Our Town

Miss Dorothy Crane has left for Moose Jaw where she will visit relatives.

Peter Ballard returns on Monday to Jericho Beach after a two weeks furlough.

An airmail letter took five days to come from Clinton to Mrs. Hill, man at White Rock.

Miss Ethel Boyd spent last week end in Vancouver, the guest of her sister, Mrs. J. Robertson.

Miss Judith Edvardson and a friend from Vancouver have been spending a short holiday at the home of her parents, Mr. and Mrs. A. Edvardson.

A gray and white owl was found by Mr. C. W. Dowling when he went out to his garden recently. It was all white under its wings and the body was gray and white. The wing spread was fifty-eight inches.

Human Nature

It was brought to our attention recently of a case of the selfishness of some people, that stands out more particularly during these times. The wife of an out-of-town resident entered a store one Saturday and bought a tin of a commodity that is not very plentiful at present. The husband came in a little later on and said he did not like that kind, could he have another kind. He got it. On Monday, the same couple came in and wanted to buy two more tins, a different one was waiting on them when the one who had served them two days before came in and noticed what they were after, he told them they could not have it.

The merchant had been restricting it to one tin per customer in order that as many as possible could have the commodity in question. But these people, who especially should have known better, had no thought of the other fellow as long as they got what they wanted. It is this sort of thing that creates a hardship on the rest. We are very fortunate here at the present time that more foodstuffs are not on the ration list, it may come, but if we are all reasonable in our purchases and think of other people the longer will these things be off the ration list.

Any Ol' Rags And Bones!

Little did we think when we used to hear this cry years ago in the old country that this would be of such a vital necessity as it is today. The Government is putting on an urgent campaign for the public to save all fats and bones which in turn help to make glycerine and explosives. Here is another call to save. Waste fats can be turned into money for other war savings, or given to Salvage committees.

SELF-EXAMINATION

"Only by knowledge of that which is not Thyself, shall Thyself be learned." —Owen Meredith

"Once read thy own breast right,
And thou hast done with fears!
Man gets no other light,
Search he a thousand years." —Matthew Arnold

"We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are." —Mary Baker Eddy.

"By these things examine thyself. —What faith, humility, self-denial, and love of God and to man have there been in all my actions?" —John Mason.

Theatre News

A romantic comedy is presented for the beginning of the week, **Two Faced Woman**. A wealthy and successful publisher marries a ski instructor after a twenty-four hour whirlwind courtship. Their marriage cools and how it is saved furnishes the rest of the story and humorous situations. With Greta Garbo, Melvyn Douglas and Constance Bennett.

Also on **The Sunnyside**, a drama. An English refugee boy comes to live with an American family, secretly stealing the spotlight from their own son. With Roddy McDowall, Jane Darwell and Freddie Mercer.

A musical comedy, **Panama Hat**, is shown for the end of the week. A musical of a Panama entertainer with a soldier-fiance and three screwball sailor friends. With Red Skelton, Ann Sothern, Ray Ragan and music by Cole Porter.

Also a drama, **Parachute Battalion**, defence-minded picture of the parachute troops of the U. S. Army. With Robert Preston, Nancy Kelly and Harry Carey.

A.R.P. WHIST DRIVE

Eleven tables were in play at the A.R.P. whist drive on Wednesday evening in the White Rock hotel. The time passed very pleasantly at cards and the winners were: Mrs. Geo. Woodward and Mr. Milom; consolation, Mrs. Petrie and Mrs. Perry.

Mrs. Edwardson and her daughter, Judith, are spending a few days in Victoria.

Mrs. D. Mitchell, who with her two sons have been staying in the cottage of the White Rock hotel during the winter months, left on Thursday for their home in Lussac, Alberta, with her husband who came here about a month back for holiday with his family.

HOW TO FILL OUT YOUR APPLICATION FOR CANNING SUGAR

This year housewives must estimate in advance the amount of sugar required for canning and jam-making, so that arrangements may be made to provide and distribute the necessary supplies. Applications must be sent in to your Local Ration Board by April 15th. Use the application in your new Ration Book for this purpose.

Canning sugar will be allowed for all fresh fruits, including citron and wild fruits. Marrow, tomatoes and pumpkins are considered as vegetables and no canning sugar will be allowed for them.

HOW TO FIGURE OUT THE AMOUNT OF SUGAR NEEDED

CANNING

Allow 1/2 lb. of sugar for each quart sealer.

Estimate the TOTAL number of quart sealers you plan to put up—then use the quick, practical method of allowing 1/2 lb. of sugar for each quart sealer. Don't try and decide exactly the number of each kind of fruit you plan to put up. Some fruits may be more plentiful than others. Base your estimates on the number of sealers you have on hand, what you put up last year, or what you think your needs will be this year.

Your completed application must be sent to your Local Ration Board by

JAM or JELLY MAKING

Allow 1 1/2 lbs. of sugar for each quart of jam or jelly.

Most people use jars of various shapes and sizes. Take a number of the jars you usually use and see how many cups of water they hold. Four (4) cups make a quart. In this way you will be able to estimate the number of quarts of jam or jelly your jars will hold. Then allow 1 1/2 lbs. of sugar per quart for your requirements. For example, for 8 quarts of jam or jelly, you will require 12 lbs. of sugar.

Estimates based on these methods are within the canning sugar ration, and the amounts are satisfactory for wartime canning sugar and jelly making, as proven by test in the Dominion Department of Agriculture experimental kitchens.

IMPORTANT NOTE

The Dominion Department of Agriculture recommends canning fruit in preference to making jam or jelly because: More fruit can be put up with less sugar and at less cost. Canned fruit retains more of the vitamin value of the fresh fruit.

WHEN AND HOW CANNING SUGAR WILL BE MADE AVAILABLE

When your Local Ration Board has received your application you will be provided, sometime before June 1st, with special canning sugar coupons. These coupons will entitle you to buy sugar, at any grocery store, at specified intervals. You do not have to buy all your sugar at once.

COMPLETE AND SEND IN YOUR APPLICATION BEFORE APRIL 15

Complete your application form as shown in the illustration and mail it to your Local Ration Board not later than April 15th. Attach the application forms from the ration books of the other persons you will be feeding in your household. Do not write anything but the serial numbers of the copy of the serial numbers from the front of their ration books to their application forms and pin them to your own fully completed application.

a cool, dry, dark place. Don't use canned fruits on your table when fresh fruits are available. Plan to use your home-canned fruits in the winter months only.

RATION ADMINISTRATION THE WARTIME PRICES AND TRADE BOARD

For the duration electrical extensions, except for war and essential purposes, are out.

We can't win this war and do the fighting in half measures. That's why all available copper is going into war production instead of civilian extensions for electrical service.

Unless the need is for service definitely related to the war effort, civilian requests must take second place to the urgencies of Victory. That's the Metals Controller's order to hasten the day when the B.C. Electric can again give peace-time service.

Copper Wire Goes To War

Vast quantities of copper wire are needed for the war efforts of the United Nations. The wire goes into aeroplanes, ships, tanks and innumerable other things. Copper is also required for many other purposes than wire. There is not enough copper to go around, so the Government has severely restricted the use of wire in the telephone business. We must therefore forego adding materials to our lines and equipment until after the war. This is the reason why many people who want telephone service are now unable to get it.

21st Birthday Celebration

A very enjoyable party was held at the White Rock hotel on Friday, March 19th, in honor of A.W.I. Joyceanna Hicks upon the occasion of her 21st birthday. A.W.I. Hicks, name on Gurlough from RCAF station at Trenton, Ontario, was made the recipient of two useful gifts in the form of a travelling case presented by Mr. Ward (Woody) Wilson on behalf of the married members of her friends and a Make-up Kit from the girls of her own age presented by Miss Gerry Saunders. In well chosen words A.W.I. Hicks responded to these presentations as also did her father, Lance Hicks, both thanking their friends for their attendance and good wishes.

The evening was spent in singing, dancing, etc. A very delightful supper was served by the honoree's mother, assisted by the ladies. Serviteurs, Mrs. J. Wilcock, Miss Lila Whitman, Mrs. Hennessey, Mrs. Houston and Mrs. Ward Wilson.

A pleasing feature was the

presence in uniform of A.W.I. Wilcock, V.M., of RCAF Recruitment Centre at Edmonton, Alberta, and A.W.I. Wilcock, D.J. RCAF, station Trenton, Ont. Also attending were three new recruits to the WD Section of the RCAF in the persons of Alice and Phyllis Anthony and Edith Collishaw, all of whom are attending special classes in Vancouver prior to leaving for Manning Pool in the near future.

Mr. and Mrs. Dunn, of Columbia avenue, leave today Friday for Calgary. Mr. and Mrs. Pirry, of Vancouver, have bought their house and are moving in right away.

Mrs. C. Mills has returned home from the Royal Columbian hospital much improved. Mr. Mills is also able to be home for a few days.

THIS IS A WAR OF MOVEMENT

Black darkness and a cavalcade of powerful lorries climb a steep grade over a hastily-constructed road. Supplies are delivered ready for a sudden daylight attack. The Allied nations have struck another powerful blow at the enemy and your newspaper makes cheerful reading the following day.

This war of movement demands the utmost in motor transportation. Transportation is vital, too, for Canada's civilian army of war workers, government employees and other citizens. In spite of shortage of spare parts, and many other wartime operating difficulties, Pacific Stages continue to serve civilian transportation needs.

RENEWAL OF UNEMPLOYMENT INSURANCE BOOKS

To all Employers:

The 1942-43 Unemployment Insurance Books expire on March 31st.

New Insurance Books for the fiscal year 1943-44 will be exchanged by the Local Employment and Selective Service Office in your area for expired Insurance Books.

Do not send in your Insurance Books without completing forms enclosed with circular letter 625.

If you have not received this circular letter, get in touch with your nearest Employment and Selective Service Office.

Where it is necessary to quote the Employee's Insurance Number, use the number with the prefix letter shown on the front cover of the book: example P-49247, E-22454. Do not quote the book serial number printed on the inside pages of the book.

Protect the benefit rights of your employees by following closely the procedure outlined in the circular letter, and prevent delays by acting now.

Special Legion Meeting No. 8

The Legion has called this meeting for Monday, April 5th, at 8 p.m. in the White Rock hotel.

Mr. MacNicol, Executive Secretary of the B. C. Command of the Canadian Legion will be the speaker. He has just returned from overseas where he acted as Member in Great Britain for the Canadian Legion War Services and has an interesting story to tell. He will also deal with current events as they concern Veterans.

All veterans of this and previous wars, their dependents, all members of the Legion and Auxiliary and wives of men now serving are requested to attend this meeting and the public who are interested are cordially invited to attend. Remember the date April 5th. The Press are requested to attend and make a full report.

The Legion and Auxiliary's draw for the \$25.00 War Certificate with its three way objective.

1. It helps the Government.
2. It is a good investment for the winner.

3. It sends comforts to our boys.

We urge you to secure your tickets from the following: White Rock Hotel, Hughes and MacKenzie, Sentinel-Ham Sun, J. Bielby, Little Moon and any member of the Legion or Auxiliary.

The winners of the bridge and

Pier rooms were in whist Mrs. Ashton and Mr. H. Vidal in bridge Mr. Phillips.

The joint meeting of the Legion and W. A. was held in the Pier rooms on March 25th. It was brought to the attention of the meeting that an ex-member of the Legion was very sick and his brought up the question of two other families who were in the same condition. Mrs. Dagen and Mr. Dagen were appointed a committee of two to interview Councilor Frank to see what could be done as regards medical services, etc.

The situation regarding the fuel question was dealt with but pending further information it was laid over.

The next quarterly meeting was set for June to be held on the Legion regular meeting night.

CAUGHT IN TIME

The Royal avenue home of Mr. and Mrs. Jack Boyd was saved from serious damage if not total destruction by fire last week. On coming in from working in the garden, Mrs. Boyd found the house filled with smoke, and fire smouldering around the stove. When the blaze was extinguished, Mr. Boyd found the side of the stove had fallen out, causing the fire and burning a large hole in the floor. Considerable damage was done to the walls by smoke, which also suffocated a canary.

PHOTOGRAPHIC CONSERVATION

This is the time for photographic conservation. Don't waste film; handle your photographic equipment with care.

THIS is a time for conservation of film, camera, and all of the other equipment of photography. But the thought of conservation is still a new to photographers that many people are asking—"What can I do?" Well, there are a number of things, but by far the most important are to make the wisest possible use of film and materials, and take the very best care of present equipment.

In picture taking, of course, you'll have to judge for yourself where waste begins and conservation sets in. One of the first rules, however, might be—don't shoot promiscuously. But, as far as equipment of any sort is concerned, the rules for keeping it in good shape can be stated in one short sentence. That is: keep equipment clean, and handle it with all due care.

Cleanliness is important because just is the primary enemy of all good photography. For example, just may settle on film during development and leave "pinholes" and little spots. Beware of dust in your darkroom, on your camera lens, in the camera bellows, in your en-

CANADA NEEDS 40 MILLION POUNDS OF FAT

HERE IS YOUR SECRET WEAPON

Save Fats and Bones

AND HELP SMASH THE AXIS!

The next time you are frying or roasting something, just imagine the satisfaction it would give you to pour that hot fat right down the back of Adolph, Tojo or Benito.

You can even do better than that. Fats make glycerine, and glycerine makes high explosives to sink their submarines, destroy their aeroplanes and tanks. Bones produce fat, also glue for war industry.

Every spoonful of dripping, every ounce of scrap fat, and every bone, cooked, uncooked or dry, must be saved. Strain all drippings through an ordinary strainer into a clean, wide-mouthed can. When you have collected a pound or more of fat drippings take it to your meat dealer who will pay you the established price for the disposal of the scrap fat. Or you can dropping them through any Municipal or Salvage Committee collection system IN EFFECT in your community.

You can be a munition maker right in your own kitchen. So—every day, this easy way, keep working for Victory by saving every drop of fat dripping, every piece of scrap fat, and every bone.

This campaign is for the duration.
